

## All students

## Healthcare for Wageningen University students

The Student Counselling Service gives advice and help to students and promotes a better study and living climate for students. All personal problems that affect your study, but go beyond the study programme, can be discussed with staff of the Student Counselling Service.

### Please contact

1. Dean for Students
2. Student psychologists
3. General practitioner – doctor's practice van der Duin/van Dinther

#### 1. Dean for students

if you need help or advice – both personal and practical- regarding finances, study delay caused by circumstances beyond your control, study progress, mediation, changing of study programme and special –exam- arrangements e.g. in case of a handicap, FOS, etc.

You can also contact the dean for students when you have problems which are related to stress or when you need a medical declaration. If necessary they can refer you either to your general practitioner, the student psychologist or to the company doctor for students (in case of study related issues).

#### 2. Student psychologists

If you need help or advice when you have personal problems such as: adaptation difficulties, homesickness, shyness, social anxiety, contact and relation problems, depression, mourning, eating problems, and stress. You can also contact the psychologist if you have study problems i.e. discipline, fear of failure, fear of public speaking, concentration, planning and dyslexia. They can also help you to acquire more insight into the background of a study delay. If necessary they can refer you to the dean for students, your own general practitioner, the practice of van der Duin /van Dinther or to the company doctor for students (in case of study related issues).

#### 3. General Practitioner - Doctor's Practice vd Duin/v Dinther

For all 'normal' medical issues and treatment of illnesses you should consult your general practitioner.

If your general practitioner is the doctor's practice of vdDuin/vDinther you can make an appointment if you have visited the tropics for your study and you want a medical checkup upon return, if you have stress problems, if you need advice

WAGENINGEN UNIVERSITY

WAGENINGEN UR

concerning sexuality, nutrition, sports, drugs, handicaps and chronic diseases. If necessary they can refer you either to the student psychologist, the student dean, the company doctor for students (in case of study related issues) or a specialist.

**Can I contact the company doctor for students directly?**

No this is not possible. Only the student deans, student psychologists and the general practitioners in Wageningen can refer you to the company doctor for students.

When you want a consult with the company doctor for students but your general practitioner does not have his/her practice within the municipality of Wageningen or Bennekom you must contact the dean for students. They will refer you to the company doctor for students in case of study related issues.

**Vaccination refund**

If you go abroad for your study and your insurance company does not cover the vaccination expenses Wageningen University students can apply for a vaccination refund. See 'Questions and Answers' on the Wageningen University website for the procedure and an explanation how to qualify for a refund.

See for more information 'Questions and Answers' on the Wageningen University website or ask at the Student Information Desk in the Forum building.
